CARD OF THANKS

Chauvin Fair Sets

New High Record

Livestock entries at the Chauvin fair held Thursday last exceeded all previous entries both in number of entries as well as in quality, establishing an entirely new record.

The entries in both horses and cat. were fully seventy per cent heavier than last year, accounting for the good competition in practically every class, and the standard of the exhibits throughout were such as to be a real credit to any district.

This year's fair was ample to indicate that there are a number of real, by first class stockmen and breeders over John Milne and George Snell Sr. a considerable quantity of good serviceable breeding stock which in cludes some individuals which would be prize winners at the larger fairs.

As a one day event, the fair was above the average, and judging from the big average entries of the success of this fair by the farmers as well as the business men, a bigger and better fair than ever can be expected next year.

The showing of heavy horses was exceptionally good. Although there were Suffolk Punches and Percherons, Clydesdales were the biggest classes, and in the grades a majority of the horses showed Clydesdale breeding.

In the stallions, George Leggett, with a thick horse with plenty of size and good clean action, captured first over John Milne and George Snell Sr. who took second and third. George Leggett also came in for the championship with the same horse.

W. Sewell was alone in the yearling stallions with a splendid colt that would stand up well in good company.

In the brood mare with foal at foot Mr. Sewell had an exceptionally good mare with plenty of bone and weight and of the right type.

John Duncan, who also had a good entry came second in the Clydesdale class. H. C. Dunlop, of Edgerton, had a good string of Clydes, including some pure bred of the right kind and well fitted, coming in for some of the best prizes.

In the three year old fill by class he had a splendid animal with lots of style and quality as well as weight. Mr. Dunlop also captured the female championship.

In the Percherons, George Reynolds had two stallions and one more of an outstanding quality.

The Suffolk Punch horses displayed by Mr. C. Col Rodden and Wm. Rodden were attractive looking animals in both Percherons and Suffolk Punch classes there was but little competition against the winners.

The agricultural classes, which included both the heavy draft grades as well as agricultural, were exceptionally good. In practically every class there were from eight to ten entries and competition throughout was very good.

A McLean in the dry mare four years or over, went to the head of the lineup in a class of seven, with a good loxix Taylor with splendid action and lots of quality. W. Sewell with a good entry, came second, and John Milne third.

The geldings, four years old and over, were also a good class with nine entries. H. C. Dunlop, with a showy horse with splendid lines, took first, with Alex Taylor and E. B. Lang second and third.

The general purpose classes, included. (Continued on inner page)

Edgerton Fair

A Great Success

Edgerton Agricultural Fair this was the most successful held in the history of the Society; an improvement in numbers and quality, in all exhibits in all departments were placed in competition which was very keen.

Over \$800 were paid out in prizes, and the financial statement of the Society shows a thrifty balance. Much credit must be reflected upon the directorate, and public at large, for the splendid co-operation displayed in bringing the fair to the splendid high standard. The very splendid fair grounds, now procured add much to interest now taken by every one concerned.

Chauvin G.W.V.A.

A general meeting of the Chauvin Branch of the G.W.V.A. was held at the office of the secretary, Saturday July 31st at 8 o'clock p.m.

There was a large attendance. Pres. W. Cubitt presiding.

Minutes of the last meeting were read, and it was moved Pitman—Herbert that same be adopted as read. Carried.

Secretary presented a statement of receipts and expenditures re July 15th Sports and Dance showing a surplus of \$85. Moved—Herb—Pitman that this report be accepted. Carried.

Moved Pitman—Tues, that meeting adjourn. Carried.

The Executive of the Chauvin G.W.V.A. held a meeting after the general meeting; President Cubitt presiding.

The matter of fixing up the Hall was discussed, and it was moved Pitman—Soul, that Com. Tye commence painting Monday morning, as per offer, and that Com. Herbert complete the siding of the east wall. Carried. President Cubitt was authorized to arrange for all materials required for painting and carpenter work.

Moved Soul—Pitman that meeting be adjourned. Carried.

Court News

Magistrate Dawson with the court stenographer Miss MacFarlane, were in attendance at Chauvin, Thursday last. Three cases were heard and disposed of.

Eugene Coulombe vs. Wynman Johnson: Eugene Jidas-Whitburn ni son: Coulombe laid information that Johnson, an employee of the Alberta Govt telephones was driving auto on the wrong side of the road, causing collision and damage to his rig. Johnson was fined \$3.00 no costs of court.

Eugene Coulombe vs. Wynman Johnson: Coulombe laid information that Johnson was approaching curve at speed exceeding one mile in six minutes. Johnson proved that he was driving slow. Case dismissed and the costs ordered to be paid by the prosecution.

Pete Tishlenko vs. C. Sigurdson: Tishlenko, section man at Butte laid information of assault. The defendant was fined \$5.00 and costs.

Miss Wilson has arrived at Dma to take up her duties at the Woodford school.

A number of the boys enjoyed the use of the new Chauvin rifle range on Saturday afternoon. This is the first time the range and butts have been used. They report a good time.

ed some very good animals, but as a

whole were not so good as the agri-

cultural. There seemed to be a con-

siderable confusion in the minds of

most of the exhibitors just what a

general purpose horse was, and as a

result some of the horses shown in

the general purpose classes were

merely draft horses and not the can-

limited type of horse capable of do-

ing a certain amount of farm work as

well as taking the place of the road-

ster. J. F. Russell had a team of

light bays that had plenty of action

and fairly clean limbed and was placed

first. G. Hare with a black team

with plenty of action and the right

size, but hardly as well fitted, taking

second.

The cattle exhibits were worthy of

commendation, indicating as they did

that we have some of the choicest

stock of Alberta right in our midst.

The judge was unimpaired in his

praise for said he "There are beasts

here which would win prizes in the

larger fairs.

The Shorthorns were the largest in

number and included some exception-

ally good animals. In the three-year

old bulls Mrs T. Smith, with a good

entry, came first, and W. Sewell se-

cond. George Snell Sr took first in

the two year olds and Strachan Bros

first in yearlings.

In the female Shorthorns the prom-

inent exhibitors were George Snell Sr,

Strachan Bros, Niemann Bros, G. C.

Lassell and H. C. Dunlop, the classes

being better filled than the males:

The bull championship being won

by G. Snell Sr., and the female cham-

pionship by H. C. Dunlop

John Russnell took the majority of

the prizes for Hereford cattle, but did

not hve it all his own way in the bull

Will be the chief subject of discussion at every U. F. A. meeting throughout the province. There will be intense interest in the various steps taken by Premier Greenfield and his supporters in giving effect to the new Government's policies.

There cannot be intelligent discussion unless there is intimate knowledge of what is happening at the seat of government. That knowledge should be up-to-the-minute, and from an impartial, unprejudiced, and unbiased source. Every farmer who subscribes for the

Some luckless was shown for the first time of Chauvin, and several very good sheaf of sweet clover in the blossom stage. For variety in vegetables and small fruits this fair established a record which will be difficult to beat, remembering that it is but the first week in August.

The domestic exhibits were very favorably commented upon by Judge Mrs. J. McGregor Smith of Edmonton. This lady was most exacting in her examination of the exhibits. No one piece of needle work escaping examination inside and out too.

Breads and other cooking with butter and preserves were all of high quality.

There were a number of new competitors in the ladies work, and many new names appear on the prize list.

The quality of the exhibits of ladies work was of very excellent quality the articles all being fresh and dainty looking. Two very artistic were among the exhibits. mention should also be made of the very useful articles which were made from cotton sack which were made to look very dainty with embroidery and crocheting. Some very excellent pieces of embroidery were shown and the knitted sweaters and socks were of the best workmanship. The ladies work altogether reflects great credit on the exhibitors.

Large quantities of humber twine are being hauled out from town these days

On Monday evening the four horse team hitched to Mr. W. Roden's new binder between Colton's & Kargue and the telephone office ran away, doing considerable damage to the binder. The cause of the runaway was that the clutch was left in on the binder the noise of the working parts of the binder scaring the horses who started off. After using a short distance they

left the binder in front of the telephone office and started off on the north road with the pole and truck. The team were stopped near Dr. Folkins.

Mr. Rodden jumped off near the beginning of the run away and escaped injury.

Poultry Keeping

If resident in either town or country and you wish to know how best to keep poultry and secure the most satisfactory results, consult a pamphlet treating of the subject prepared by the Dominion Poultry Husbandman, P. C. Elford, and recently issued by the Department of Agriculture of Ottawa. The pamphlet can be had free upon application to the Publications Branch. It tells of how poultry can be made to pay how the birds should be housed and fed, how

they should be treated in winter and summer how to commence keeping in a small way, the equipment that is desirable how to choose a breed, how to hatch and rear, and how to gather, keep, or market the eggs. In short all the essentials to success in poultry keeping for home consumption or selling are clearly and explicitly explained. In the term poultry are included turkeys, geese, ducks, guinea fowls and pigeons, the raising and care of which are fully discussed. Numerous illustrations of types of birds, and methods of housing and feeding contribute to make the pamphlet an invaluable compendium on poultry-keeping and marketing.

Legislature May
Be Decided Upon

As a result of the turnover in provincial government affairs it now appears highly probable that a session of the new legislature will be held this fall as soon after harvest as possible.

Although annual sessions of the Alberta assembly have been the custom for some years past, there is every reason for believing that the house will be called together next November, to enable the U.F.A. administration to "get on its feet" so to speak. Whether another session in the early part of next year will be necessary of course depends on how affairs progress during the next few months.

Premier Greenfield will likely be pre-occupied to take over provincial management before the end of the month at the very latest according to opinions prevalent in the parliament buildings. Premier Stewart and his cabinet have matters in hand sufficiently at the present time to turn over the reins whenever the premier says the word.

All U.F.A. members elect are being summoned to meet Mr. Greenfield at Edmonton next Thursday at which meeting the suggestions for the new cabinet will be announced. In all probability the selections announced by the premier-designate will not be seriously challenged by the members entirely in his hands and by reason of nothing more than a casual acquaintance with each other at present are not likely to offer any concerted action against the state submitted.

One thing is certain however, from events of the last two weeks, and that is the small prospect of members elect resigning to allow outside selections for the cabinet to take their place. Facing this fact Mr. Greenfield has been obliged to confine his selection of cabinet material almost wholly to the list of elected candidates.

Premier-Designate Greenfield is expected in Edmonton next Wednesday of the coming week. Nothing can be done regarding the calling of Mr. Greenfield to form the new government till the return of Lieutenant Governor Brett on Thursday.

The constitutional procedure will be that Premier Stewart will hand in his resignation to the lieutenant-governor, and with his resignation goes that of his cabinet. The lieutenant-governor then recommend to the lieutenant-governor the name of the new leader of the dominant party, as the coming premier. If the lieutenant-governor accepts that name he will ask Mr. Greenfield to form a government.

News of new discoveries of gold and copper in Northern Manitoba are constantly reaching The Pas, the headquarters for prospectors and mining men in that part of the country. Spectacular samples of free gold have been brought in from Elbow Lake. These were taken from a tremendous quartz porphyry body, which had been traced for 2,000 feet one way and 4,000 feet across without reaching the contact walls. Free gold is found all over the ore body and good tailings can be obtained by panning. A recent discovery of copper on Thaupepuskew Lake promises to rival the Flin Flon property in size and richness.

Being good to your wife does not merely consist of not being mean to her.

The announcement that New York wants a million pounds of Alberta butter will be good news to the farmers of this Province; in fact the farmer will find the news as good as New Yorkers will find the butter. Says the Edmonton Bulletin. That is one kind of farm produce that Alberta has more of than it knows what to do with. And production at present is only at the minimum. When they go at it in earnest under the inducement of a steady export market at satisfactory prices, there is hardly a limit to the amount the creameries and farm dairies of Alberta can turn out. If New York will supply the market Alberta can supply the butter in any quantity required."

M. D. Ribstone Council Meeting

Regular meeting of the Council of
 Ribstone held at the Municipal office
 at 1:30 in the afternoon of Saturday
 August 6th.

All members of the Council were
 present: Reece Gerguson presiding.
 Minutes of last regular and special
 meetings were read, and Comm. Mc
 Chesney moved adoption as read.
 Carried.

Report of Entomologist re-damage
 to crops was read, stating that the
 damage was not grasshoppers, but
 was caused mostly by the wind. The
 matter of allocating the cost of poison
 was left over until another meeting
 and report filed.

Salvation Army Rescue appeal was
 left over until after threshing. N.
 Staley's objection to assessment was
 considered as being too late for this
 year.

Secretary was instructed to add A.
 Schneider's pre-emption to the rolls
 no reply having been received as to
 his filing date.

Secretary was instructed to assess
 G. Surette for S.W. 35.42-1.

Secretary was instructed to reply
 to Senlac M. D. to the effect that
 the wages referred to on 13-42-1 had
 been raised under.

All accounts presented were ordered
 paid, including half amounts of all
 road works to date.

Account re Mr. Partlow was again
 referred to, and Secretary was in-
 structed to write Mr. Partlow. The
 matter of E. Riecky was referred to
 Council. Dumont for investigation as
 to present condition and outlook for
 the immediate future.

Council Sewell moved that the next
 meeting date be fixed by the Reeve,
 and that the meeting be adjourned.

Province of Alberta Co-operative Credit Societies

The Provincial Government has provided Legislation designed to encourage the
 co-operation of farmers by adequate credit, longer term loans, lower interest
 rates, cash prices for purchases, saving of time and labor, and an improved com-
 munity spirit.

Increased Farm Credit depends upon—

- (1) Greater reliability of Loans.
 - (2) Certainty of repayment
 - (3) Adequate powers of security
- The Alberta Co-operative Credit Act in its
 amended form, grants exceptional powers in the
 matter of taking necessary security, and thus
 repayment can be safely provided for.
 Organization of a Society requires—

- I. Fifteen signatures to petition to incorporate.

- II. Thirty members in good standing to start
 operations.

- III. Each member to subscribe for \$100 stock on
 which he pays twenty per cent in cash and
 twenty per cent each year thereafter.

- IV. Affairs controlled by Board of Directors.

- V. Limited liability.

Guarantees of Municipal District and Government
 are given in accordance with terms of Act.

THE DELTOR

The new and improved illustrated instructions, presenting in pictures the cutting and putting together of BUTTERICK PATTERNS with complete directions for finishing

Deltor is a new and wonderful addition to Butterick Patterns which does for the skill and cleverness of your cutting, sewing and finishing, what the pattern does for the style of your garment.

As the pattern enables you to reproduce in your garment the style originated by a master designer, so Deltor enables you to reproduce, in the cutting of your goods, the dash and accuracy of its original cutter, to reproduce the skillful precision and niceties of its original tailor in your sewing and making; and to reproduce in the finishing those subtle touches, the very individualities of method, of its original creator.

Stop at our Butterick Pattern Department when you come to the store, and have this new system explained to you.
